

Taking advantage of a rich clinical heritage

Beginning with the AGC® and continuing with the Maxim®, Biomet's total knee systems have a long and rich clinical heritage.

With the introduction of the Vanguard™ Complete Knee System, Biomet has taken this proven clinical heritage and combined it with new state-of-the-art design features to produce the most comprehensive total knee system available today. With the introduction of Microplasty™ and Premier™ Instrumentation platforms and advancements such as our patented Slidex™ Technology, the Vanguard™ Complete Knee System is the surgeon's ally in exceeding the demands of today's active joint replacement patient.
